PROFILE

Anita is an experienced trial attorney representing clients in intellectual property litigation. She leverages her background in biomedical engineering to work on matters involving a wide range of technologies.

Anita represents both patent owners and accused infringers in federal district courts throughout the country and before the United States Patent and Trademark Office. Her experience also includes prosecuting patent applications, coordinating strategies with inventors and in-house counsel to protect IP, and interfacing with international law firms to manage and prosecute patent applications.

Anita's trademark work includes advising clients on using, modifying, and filing registrations.

Additionally, Anita enjoys working on pro bono matters. She has successfully won asylum for her clients as lead counsel in immigration hearings before the U.S. Immigration Court.

Admitted to practice in Texas only. D.C. bar application is pending; supervised by a member of the D.C. bar.
